

What makes this training unique?

The BSY Teacher Training Program is all about you. We will travel down this path together, not to mold you into something you are not, but to support you in becoming more fully yourself. We are whole-heartedly committed to assisting you on your journey of self-exploration and discovery, as well as guiding you in becoming an authentic teacher who speaks from your heart.

About the Instructor:

Wendy is not only an Experienced Yoga Teacher (ERYT), but is also a certified teacher (grades 6–12) in the final stages of completing her Masters in Education. She has been trained to modify and differentiate instruction to accommodate a variety of learning styles. The training will offer you multiple hands-on opportunities to practice and affirm the 8-limbed path. All of us at BSY are committed to training the most authentic, heart orientated, skillful and knowledgeable instructors in the world!!!

“I owe much of who I am as a teacher today to Wendy Atteberry—who is not only a gifted yogini, but also a wonderful teacher. She truly modeled for me how to live life on the mat and off; and, how to bring that knowledge to others. I learned the physical techniques as well as how to take students to a deeper level of self exploration and peace.” —Wendy C.

“Wendy brings fun and encouragement to her teacher training along with an amazing knowledge and understanding of yoga poses and philosophy. She is a wonderful role model in how to teach a yoga class. She makes sure that by the end of her trainings her trainees are able to create and teach unique and inspiring yoga classes.” —Bette P.

“Wendy lives her yoga. I learned as much from observing her interactions with others as I learned in the classroom.” —Michael K.

“Wendy’s knowledge of yoga and passion for life makes her Teacher Training very inspirational. I feel truly blessed to have taken this journey with such an insightful woman with high values and ethics. Through her enthusiasm I feel I can teach and inspire my students with love and compassion.” —Nancy M.

Get happy by finding balance and union in your life, connecting with yourself, feeling your gifts, and learning how to grace the world with your offerings!

Program Description: The BSY Teaching Training Program is aligned with the original teachings of yoga where the practice transcends the mat by viewing our daily life as a laboratory in which to embody and affirm the 8-limbed path. The training will begin with an in-depth study of the history and philosophies of yoga. You will immediately be inspired and supported to develop a yogic lifestyle represented in every pose of your life. You will begin sharing, offering and teaching from the first step. Through this program you will build the courage to ask the questions of your heart, develop the receptivity to listen, grow the strength to speak your truth and feel well versed in complementing a variety of teaching methodologies with your authentic offering of vinyasa flow yoga.

A deeper commitment to the study of your self and to the path of yoga will be cultivated through the exploration of:
